**1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)**

I am a solar producing customer of Dominion Energy in Charleston County.

**2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)**

This is a seriously malicious attempt to kill rooftop solar and punish those who dare generate their own energy and a nail in the coffin for energy independence in South Carolina. Taken together, the new Dominion charges would mean a typical solar customer would pay \$752 yearly just in unavoidable fees, or seven times what that customer pays now

This would all but destroy all of the success that the Low Country has had moving to solar renewable energy in the past few years since Nikki Haley signed our renewable energy bill in her last year of office. To me, it's an outrage, it's an overstep of an opportunistic monopoly, is horrible for our planet, bad for consumers, bad for the budding solar industry, and it's something that HAS to be protested.

**3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? \***

Due to COVID-19 I wish to submit this as my objection to the plan and would be happy to attend virtually.
